Dimensions

The WELOOM LED Track Light is a rotating and swiveling track light with a beam angle of 24° for flexible but targeted staging of goods and other objects in retail, supermarkets, trade fairs, museums and similar applications. Available in black and white with a color temperature of 3,000K or 4,000K.

Spotlight suitable for busbars made by Nuco / Ivela / EUTRAC / GLOBAL / STAFF / NORLUX.
Optionally available: reflector 36° (30141052).

Product Features

Luminaire Type	LED Track Light
Mounting Method	Rail Mounting
Surface color	White/Black
Housing material	Die Cast Aluminum
Net dimensions	Ø 70 mm, H 165 mm
Dimmable	no
Warranty	5 years
Weight per piece	0,75 kg

Technical Data

Connected Load	20 W
Operating Voltage	220-240 V AC
Energy Efficiency Class	A++
LED Current	500 mA
Light Source	OSRAM COB
Origin	China
Protection Class	I
Degree of Protection	IP20
Ambient Temperature	-20 ... + 45°
Color Temperature	3.000 K / 4.000 K
Rated Luminous Flux	2400 lm
Energy Efficiency	120 lm/W
Color Rendering Index	90
Beam Angle	24°
	(Optionally available: Reflector 36°; Art. No. 30141052)
